V. Recipient / transfer of your data

We process the above personal data for the purposes of preparation, performance and follow up of the PharmaPack as well as for sending you newsletters and product information. Employees of our Strategic Marketing department gain access to your data for the purposes stated in this privacy notice.

The data you provide when filling out the contact form is transmitted to CleverReach and stored on CleverReach servers in Germany and Ireland. On our behalf, CleverReach organizes and analyzes the distribution of the newsletter. The company uses a tracking pixel to register how many recipients open the newsletter articles and how many clicks specific links in the newsletter generate. This pixel is a small, invisible graphic which is automatically loaded when the email is opened and in this way registers the process. With the help of conversion tracking, it is also possible to analyze whether, after activation of the link in the newsletter, a pre-defined action (e.g. purchase of a product on the website) takes place. The data logged is analyzed exclusively in anonymized and aggregated form in order to improve the newsletter contents and strategies. We do not pass data on to third parties. We have concluded a processing contract with CleverReach which ensures your data is processed in accordance with the valid data protection regulations. For more

information about data analysis by CleverReach for the newsletter, go to: <https://www.cleverreach.com/de/funktionen/reporting-und-tracking/>. You can find more information about data processing by CleverReach at [The CleverReach Privacy Policy](#). If you do not want CleverReach to analyze your data, simply unsubscribe. You can find a link for this in every newsletter.

VI. **Storage duration**

We adhere to the principles of data avoidance and data minimization. If we are permitted to do so by law, we will store your personal data only for as long as is necessary for fulfilling the stated purposes, and only until you withdraw your consent. If you object to the processing, we will delete your personal data, unless statutory regulations permit its further processing.

We save the data you provide to us for the newsletter subscription until you unsubscribe by informing us and/or the newsletter service provider. After you unsubscribe, your data is deleted from the newsletter mailing list.

After you unsubscribe, we and/or CleverReach may save your email address to a blacklist in order to prevent future mails. The data in the blacklist is only used for this purpose and not combined with other data. This is both in your interest and in our interest in complying with the statutory requirements for sending newsletters (legitimate interest according to Art. 6(1)(f) GDPR). Data is stored in the blacklist for an unlimited time. You can object to this storage if your interests outweigh our legitimate interest.
